

Office of Resiliency
Civil Rights Program Policy

November 2024

Policy of Nondiscrimination

The Governor's Office of Resiliency (OOR) is committed to ensuring that no person is excluded from participation in, denied the benefits of, or subjected to discrimination under any program, activity or service that it provides on the basis of race, color, national origin, or on the basis of sex or a disability, or on the basis of age, in violation of Title VI of the Civil Rights Act, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, Title 40 Code of Federal Regulations Part 7, Title IX of the Education Amendments of 1972, and Section 13 of the Federal Water Pollution Control Act Amendments of 1972. OOR will not tolerate intimidation, threats, coercion, or discrimination against any individual or group. This policy establishes a framework for taking reasonable measures to ensure access to all services provided by OOR for all Arizona citizens and establishes procedures whereby the department will receive and investigate allegations of discrimination.

Recipients of Federal Assistance: Title VI Requirements; OOR Obligation to Provide Access

Title VI of the Civil Rights Act of 1964 is the overarching civil rights law that prohibits discrimination based on race, color, or national origin, in any program, service or activity that receives federal assistance. Specifically, Title VI assures that “no person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity receiving federal assistance.” Title VI has been broadened and supplemented by related statutes, regulations and executive orders:

- Title IX of the Education Amendments of 1972 (Title IX), which prohibits discrimination on the basis of sex in any education or training program receiving federal financial assistance, with a limited number of defined exceptions;
- Section 504 of the Rehabilitation Act of 1973 (Section 504), which forbids discrimination on the basis of an individual's disability by all federal agencies and in all federally funded activities;
- The Age Discrimination Act of 1975, as amended, which prohibits discrimination in federally supported activities on the basis of age.

Further, Executive Order 13166, *Improving Access to Services with Persons with Limited English Proficiency* (2000) requires that persons with limited English proficiency (LEP) should have meaningful access to federally conducted and federally funded programs and activities, including services and benefits.

OOR Nondiscrimination Program

A. Overview, Goals and Principles

OOR is actively engaged in Title VI activities as a recipient of federal assistance from the Environmental Protection Agency (EPA). OOR will not exclude an individual on the basis of a prohibited discriminatory reason from participation in or from the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under its programs. Individuals may not be subjected to criteria or methods of administration which cause adverse impact because of their race, color, or national origin, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color or national origin. OOR will not tolerate intimidation, threats, coercion, or discrimination against any individual or group. Further, OOR must provide access to individuals with limited ability to speak, write, or understand the English language and to those with disabilities.

In order to provide services that are responsive to the needs and priorities of Arizona's diverse population, it is essential to have a process in place that effectively engages the public, fully integrates their feedback, and results in decisions that are protective of human health and the environment. The goal of the OOR Nondiscrimination Program is to ensure all people have a meaningful role in processes associated with the delivery of OOR services. This program outlines the roles, method of administration, and analysis that supports equity in all of OOR's programs.

Based on federal guidance, the components of the OOR Program include:

- A notice of nondiscrimination as required by Title 40 CFR 7.95;
- Grievance procedures for complaints filed under the federal nondiscrimination statutes;
- Identification of an OOR Title VI Nondiscrimination Coordinator;
- An assessment of OOR's obligation to provide access to LEP and disabled persons;
- Public Participation Procedures.

B. OOR Nondiscrimination Program Plan

1. Notice of Nondiscrimination

OOR's Notice of Nondiscrimination (**Attachment B**) is prominently posted in OOR's main office in Phoenix and on the OOR website. Notice is provided in both English and Spanish and describes the procedures to file a complaint and how to contact the OOR Title VI Nondiscrimination Program Coordinator for assistance.

2. Grievance Procedures

OOR's Grievance Procedures (**Attachment A**) are posted on OOR's website and explain the process by which any person may file a complaint (**Attachment C**). Further, the process by which complaints will be investigated and how complainants will be informed (in writing) of the progress and disposition of their complaint is also described. Finally, contact information for OOR's Title VI Nondiscrimination Program Coordinator is provided.

3. Role of OOR's Nondiscrimination Program Coordinator

OOR's Title VI Nondiscrimination Program Coordinator ensures department compliance with federal non-discrimination statutes and:

- Ensures information regarding OOR's Nondiscrimination Program is available both internally and externally;
- Maintains public notices of nondiscrimination, and procedures for, receipt and processing of complaints;
- Receives and logs in complaints;
- Investigates complaints in accordance with OOR's grievance procedures to assure prompt and fair resolution;
- Informs complainants of the progress and disposition of their complaints;
- Tracks and reviews complaints received and their dispositions;
- Provides written updates to complainants on the progress of investigations;
- Periodically reviews the efficacy of OOR's Nondiscrimination Program.

Obligation to Provide Access: Persons with Limited English Proficiency and/or Disabilities

Individuals who do not speak English as their primary language and who have a limited ability to read, write, speak or understand English can be Limited English Proficient (LEP) and may be entitled to language assistance with respect to services provided by recipients of federal assistance.

As directed by Executive Order 13166, EPA published guidance to financial assistance recipients regarding Title VI prohibition against national origin discrimination affecting LEP persons. Recipients are required to take reasonable steps to reduce language barriers that can preclude meaningful access to department programs and activities by LEP persons.

Recipients of federal assistance will also provide for meaningful access to department programs and activities by disabled persons. Disabled persons have a physical impairment (hearing, mobility, vision) or mental impairment that substantially limits one or more major life activities including walking, talking, hearing, seeing, breathing, learning, performing manual tasks and caring for oneself.

While it is true that determining precisely what steps are reasonable to ensure access for LEP and disabled persons is fact-dependent, development of a public participation plan begins with a clear understanding of the frequency and distribution of LEP and disabled populations throughout Arizona.

Limited English Proficiency Persons

Federal guidance generally describes how recipients of federal assistance determine the extent of their obligation to provide LEP services. Four factors should be considered:

- 1) The number or proportion of LEP persons eligible to be served or likely to be encountered by the program; an estimated 8.9% of Arizona's population speaks English less than "very well" according to the U.S. Census Bureau American FactFinder from the Language

Spoken at Home 2015 American Community Survey. About 15% of the Arizona population 5 years and older speak Spanish (**Attachment D**).

- 2) The frequency with which LEP individuals come in contact with the program;
- 3) The nature and importance of the program, activity or service provided by the program to people's lives;
- 4) The resources available to the recipient and costs.

OOR has the resources to provide LEP services as identified in the Public Participation Procedures below. Since Spanish speakers are the major LEP language group in Arizona, OOR's efforts primarily focus on ensuring key materials and services are available in both English and Spanish.

Disabled Persons

An estimated 12.9% of Arizona's Civilian Non-Institutionalized population is disabled according to the U.S. Census Bureau American FactFinder Disability Characteristics from the 2015 American Community Survey (**Attachment D**).

Public Participation Procedures

OOR seeks public participation and involvement in multiple programs. Public notice and participation is an important element of all OOR programs. Effective public involvement is a required component of the decision making process and is intended to help members of the public understand and assess how OOR programs affect their communities.

In order for public involvement to be meaningful, it requires informing, consulting and working with potentially affected communities at various stages of the decision making process in order to understand and address concerns. OOR strives to provide for meaningful public involvement in all of its programs, no matter the location of the program in the State of Arizona or the community potentially impacted.

a. Public Participation

OOR encourages early public participation in program development. Opportunities for public participation should be advertised at least 2 weeks prior to engagement events.

b. Public Participation: LEP/Disabled Persons

OOR supplements and strengthens public involvement processes to ensure access to all people and ensure that accommodation is available to facilitate the participation of those persons with English language proficiency and/or disability.

During public engagement opportunities, OOR provides appropriate services to LEP persons and disabled persons who are deaf or hard of hearing, and other individuals upon request at no cost to ensure effective communication and an equal opportunity to participate fully in the public processes.

Further, as the majority of LEP households in the State of Arizona are proficient in Spanish, significant resources are directed at ensuring the availability of key materials and services in both English and Spanish.

OOR is also able to accommodate the needs of other LEP (non-Spanish speaking) persons through translation services available through the Arizona Department of Administration.

When required, the development and distribution of public notices and planning for public meetings or hearings regarding OOR actions will consider the LEP and disabled population density in the area most impacted by the OOR program. Staff engaged in developing public notices and planning of public meetings will consult U.S. Census Bureau and Arizona Office of Economic Opportunity data sources regarding the geographic distribution of LEP and disabled populations within Arizona. OOR's facilities and other facilities utilized by OOR will be physically accessible to individuals with disabilities.

Further, OOR public notices will include the following text:

“OOR will take reasonable measures to provide access to department services to individuals with limited ability to speak, write, or understand English and/or to those with disabilities. Requests for language interpretation services or for disability accommodations must be made at least 48 hours in advance by contacting: [Department Contact Information]”

“OOR tomará medidas razonables para proveer acceso a los servicios del departamento para personas con capacidad limitada para hablar, escribir o entender Inglés y / o para las personas con discapacidad. Las solicitudes de servicios de interpretación del lenguaje o de alojamiento de discapacidad deben hacerse por lo menos 48 horas de antelación poniéndose en contacto con: [Departamento de Información de Contacto]”

1.0 Purpose

The purpose of this policy is to ensure compliance with Title VI of the Civil Rights Act of 1964.

OOR is committed to ensuring that no person is excluded from participation in, denied the benefits of, or subjected to discrimination under any program, activity or service that it provides. OOR will not tolerate intimidation, threats, coercion, or discrimination against any individual or group. This policy establishes a framework for taking reasonable measures to ensure access to all services provided by the department for all citizens in the State of Arizona and establishes procedures whereby the department will receive and investigate allegations of discrimination.

Title VI of the Civil Rights Act of 1964 is the overarching civil rights law that prohibits discrimination based on race, color, or national origin, in any program, service or activity that receives federal assistance. Specifically, Title VI assures that “No person in the United States shall, on the grounds of race, color, or national origin, be excluded from participation in, be denied the benefit of, or be otherwise subjected to discrimination under any program or activity receiving federal assistance.” Title VI has been broadened and supplemented by related statutes, regulations, and executive orders:

- Title IX of the Education Amendments of 1972 (Title IX)
- Section 504 of the Rehabilitation Act of 1973 (Section 504), which forbids discrimination on the basis of an individual's disability by all federal agencies and in all federally funded activities;
- The Age Discrimination Act of 1975, as amended, which prohibits discrimination in federally supported activities on the basis of age.
- Executive Order 13166, *Improving Access to Services with Persons with Limited English Proficiency* (2000) requires that persons with limited English proficiency (LEP) should have meaningful access to federally conducted and federally funded programs and activities, including services and benefits.

OOR is engaged in Title VI activities as a recipient of federal assistance from the Environmental Protection Agency (EPA).

2.0 Definitions

Disability – Hearing, vision, cognitive, ambulatory, self-care, and/or independent living difficulty.

Limited English Proficient (LEP) persons – Individuals who do not speak English well as their primary language and who have limited ability to read, write, speak or understand English.

Environmental Justice/Title VI Nondiscrimination Program Coordinator (Coordinator) – OOR representative who ensures compliance with federal non-discrimination statutes.

3.0 Policy Statement

Discrimination Prohibited: OOR will not exclude an individual on the basis of a prohibited discriminatory reason from participation in or from the enjoyment of any advantage or privilege enjoyed by others receiving any service, financial aid, or other benefit under its programs regardless of the funding source for the program. Individuals may not be subjected to criteria or methods of administration which cause adverse impact because of their race, color, or national origin, or age or disability, or have the effect of defeating or substantially impairing accomplishment of the objectives of the program because of race, color or national origin or age or disability.

Intimidation and Retaliation Prohibited: OOR will not tolerate intimidation, threats, coercion, or discrimination against any individual or group, either:

- a. For the purpose of interfering with any right or privilege guaranteed under law or regulations, or
- b. Because the individual has filed a complaint or has testified, assisted or participated in any way in an investigation, proceeding or hearing or has opposed any OOR action or decision.

Access to OOR Programs: OOR will take reasonable measures to provide access to OOR services to individuals with limited ability to speak, write, or understand English and/or to those with disabilities.

3.1 Procedures

3.1.1 **Public Notice:** Public notice of OOR's Nondiscrimination Plan will be prominently posted in the OOR office and on OOR's web site.

3.1.2 **Public Notice/Meeting Planning:** The development and distribution of public notices and planning for public meetings or hearings regarding OOR actions will consider the LEP and disabled population density in the area most impacted by the OOR action or program. Staff engaged in developing public notices and planning of public meetings will consult U.S. Census Bureau and Arizona Office of Economic Opportunity data sources regarding the geographic distribution of LEP and disabled populations within the State of Arizona when planning public meetings and hearings.

3.1.3 **Public Notice Text:** OOR notices will include the following text:

“OOR will take reasonable measures to provide access to department services to individuals with limited ability to speak, write, or understand English and/or to those with disabilities. Requests for language interpretation services or for disability accommodations must be made at least 48 hours in advance by contacting: Title VI Nondiscrimination Program Coordinator at CRamos@az.gov”

“OOR tomará medidas razonables para proveer acceso a los servicios del departamento para personas con capacidad limitada para hablar, escribir o entender Inglés y / o para las personas con discapacidad. Las solicitudes de servicios de interpretación del lenguaje o de alojamiento de discapacidad deben hacerse por lo menos 48 horas de antelación poniéndose en contacto con: Title VI Nondiscrimination Program Coordinator o CRamos@az.gov”

3.1.4 Role of Title VI Nondiscrimination Program Coordinator:

- 3.1.4.1 Ensures information regarding OOR's Nondiscrimination Program is internally and externally available
- 3.1.4.2 Posts and maintains public notice of, and procedures for, receipt and processing of complaints
- 3.1.4.3 Tracks and reviews complaints received through their disposition, in compliance with 40 CFR § 7.85, to enable completion and submittal of EPA Form 4700-4 with grant applications.
- 3.1.4.4 Trains department staff on OOR's Nondiscrimination Program Policy and procedures
- 3.1.4.5 Provides written updates to complainants on the progress of investigations
- 3.1.4.6 Recommends dispositions to the OOR Director.
- 3.1.4.7 Periodically reviews the efficacy of OOR's Nondiscrimination Program Policy and recommends timely revisions to the Executive Leadership Team.

3.1.5 Grievance Procedures and Complaint Processing:

- 3.1.5.1 If someone believes they have suffered from prohibited discrimination under an OOR program, they may contact the OOR Title VI Nondiscrimination Program Coordinator [Coordinator] to seek informal resolution. The Coordinator may schedule an interview with the complainant.

- 3.1.5.2 If complaints about OOR programs, activities or services cannot be resolved informally, the complainant may file a complaint with the Title VI Coordinator. The complaint must be filed within 180 days after the alleged discrimination, unless OOR waives the time limit for good cause. Complainants may submit a written or verbal complaint to the Coordinator. Complaints must include the complainant's name, the nature of the complaint, the date(s) of the alleged discrimination, requested action, and contact information. Complaint forms are available in English and Spanish .
- 3.1.5.3 The Coordinator will review the complaint and may solicit additional information from the complainant as needed. OOR will make initial contact within 10 days after receipt of the complaint. If additional information necessary to confirm the prohibited discrimination is requested and not received within 30 days, the case may be closed. The case may also be closed if the complainant no longer wishes to pursue their case and submits a written request to the Coordinator to close the case.
- 3.1.5.4 The Coordinator will maintain a complaint log containing the name and address of the complainant, date(s) of the alleged prohibited discrimination, nature of the complaint, date of submission of the complaint, date of the Coordinator's request for additional information necessary to confirm the complaint and date of its receipt, results of the investigation and disposition of the complaint.
- 3.1.5.5 The Coordinator will make a preliminary recommendation for a prompt and fair resolution of either dismissal of the complaint or of a finding of prohibited discrimination and a proposed remedy. The Coordinator may consult with the Attorney General's Office and may conduct additional investigation before making a recommendation to the OOR Director.
- 3.1.5.6 The Coordinator will recommend to the Director dismissal of a complaint if the investigation reveals no prohibited discrimination. If the Director agrees, the Coordinator will notify the complainant timely in writing of the dismissal within 10 days.
- 3.1.5.7 If the Coordinator recommends to the Director a finding of prohibited discrimination and a proposed remedy for a complaint if the investigation reveals prohibited discrimination. If the Director agrees, the Coordinator will notify the complainant timely in writing of the finding and the proposed remedy within 10 days.
- 3.1.5.8 The Coordinator may also recommend to the Director changes to this policy or to OOR

programs, activities and services as a result of a complaint investigation.

3.1.5.9 If the complaint is outside the jurisdiction of OOR, within two weeks after receipt of the complaint the Coordinator will notify the complainant of OOR's lack of jurisdiction to address the complaint and of the name and contact information for the appropriate agency or tribe with jurisdiction, if known to OOR.

3.1.6 Recordkeeping; Records including investigative files shall be kept for a minimum of three years after disposition of the complaint.

Data are based on a sample and are subject to sampling variability. The degree of uncertainty for an estimate arising from sampling variability is represented through the use of a margin of error. The value shown here is the 90 percent margin of error. The margin of error can be interpreted roughly as providing a 90 percent probability that the interval defined by the estimate minus the margin of error and the estimate plus the margin of error (the lower and upper confidence bounds) contains the true value. In addition to sampling variability, the ACS estimates are subject to nonsampling error (for a discussion of nonsampling variability, see Accuracy of the Data). The effect of nonsampling error is not represented in these tables.

The Census Bureau introduced a new set of disability questions in the 2008 ACS questionnaire. Accordingly, comparisons of disability data from 2008 or later with data from prior years are not recommended. For more information on these questions and their evaluation in the 2006 ACS Content Test, see the Evaluation Report Covering Disability.

While the 2015 American Community Survey (ACS) data generally reflect the February 2013 Office of Management and Budget (OMB) definitions of metropolitan and micropolitan statistical areas; in certain instances the names, codes, and boundaries of the principal cities shown in ACS tables may differ from the OMB definitions due to differences in the effective dates of the geographic entities.

Estimates of urban and rural population, housing units, and characteristics reflect boundaries of urban areas defined based on Census 2010 data. As a result, data for urban and rural areas from the ACS do not necessarily reflect the results of ongoing urbanization.

Explanation of Symbols:

1. An '*' entry in the margin of error column indicates that either no sample observations or too few sample observations were available to compute a standard error and thus the margin of error. A statistical test is not appropriate.
2. An '-' entry in the estimate column indicates that either no sample observations or too few sample observations were available to compute an estimate, or a ratio of medians cannot be calculated because one or both of the median estimates falls in the lowest interval or upper interval of an open-ended distribution.
3. An '-' following a median estimate means the median falls in the lowest interval of an open-ended distribution.
4. An '+' following a median estimate means the median falls in the upper interval of an open-ended distribution.
5. An '*' entry in the margin of error column indicates that the median falls in the lowest interval or upper interval of an open-ended distribution. A statistical test is not appropriate.
6. An '*****' entry in the margin of error column indicates that the estimate is controlled. A statistical test for sampling variability is not appropriate.
7. An 'N' entry in the estimate and margin of error columns indicates that data for this geographic area cannot be displayed because the number of sample cases is too small.
8. An '(X)' means that the estimate is not applicable or not available.

Supporting documentation on code lists, subject definitions, data accuracy, and statistical testing can be found on the American Community Survey website in the Data and Documentation section.

Sample size and data quality measures (including coverage rates, allocation rates, and response rates) can be found on the American Community Survey website in the Methodology section.

Although the American Community Survey (ACS) produces population, demographic and housing unit estimates, it is the Census Bureau's Population Estimates Program that produces and disseminates the official estimates of the population for the nation, states, counties, cities and towns and estimates of housing units for states and counties.

The effect of nonsampling error is not represented in these tables.

Due to methodological changes to data collection that began in data year 2013, comparisons of language estimates from that point to estimates from 2013 forward should be made with caution. For more information, see: Language User Note.
